Q7

e-governance projects have a built-in bias towards technology and back-end integration than user-centric designs. Examine.

UPSC Civil Services Mains 2025 · GS II · 10 marks · Transparency and e-Governance

Important aspects of governance, transparency and accountability, e-governance - applications, models, successes, limitations, and potential; citizens charters, transparency and accountability and institutional and other measures.

Facts & figures for this PYQ only.

Numbers move. Confirm the latest Budget, Economic Survey or census round. This sheet is for revision, not a substitute for the model answer.

India Stack

Public digital infrastructure including Aadhaar, UPI and DigiLocker, built for interoperability more than for low-literacy UX.

DPDP Act, 2023

Requires lawful processing of personal data, including extra care for children's data, which e-governance portals must now design for.

2nd ARC on e-governance

Treated ICT as a means to process redesign and citizen service, not as computerisation of existing files.
