Q9

Case study. In one of the districts of a frontier state, narcotics menace has been rampant. This has resulted in money laundering, mushrooming of poppy farming, arms smuggling, and near stalling of education. The system is on the verge of collapse. The situation has been further worsened by unconfirmed reports that local politicians as well as some senior police officers are providing surreptitious patronage to the drug mafia. At that point of time a woman police officer, known for her skills in handling such situations is appointed as superintendent of police to bring the situation to normalcy. If you are the same police officer, identify the various dimensions of the crisis. Based on your understanding, suggest measures to deal with the crisis.
