Indian art, architecture, culture - Prelims GS Paper I.

Explanation**(a)**

(a) 1 only. The 6 percent **equalisation levy** on specified online advertisement services was introduced by the Finance Act, 2016 as a separate levy, not as a chapter of the Income-tax Act, 1961. Statement 1 is therefore false and cannot be the key.

(b)

(b) 2 only. Because the levy is not income-tax, non-resident platforms generally cannot claim DTAA foreign-tax credit for it in the home country. Statement 2 is false, so this letter is not the key.

(c)

(c) Both 1 and 2. Both statements fail, so both-correct is not the key.

(d) Official key

(d) Neither 1 nor 2. **(d) Official key: Equalisation levy** sat outside the Income-tax Act, and DTAA credit is not available in the ordinary way. Neither statement is correct, which matches the stored key.

Summary

Official key is (d) neither 1 nor 2. The 6 percent **equalisation levy** on online **ads** was a Finance Act levy, not an Income-tax Act provision. It is not income-tax, so Double Taxation Avoidance Agreements do not ordinarily give a home-country credit. Honour the stored letter (d).
